INTERVIEW: **TIM CLINE**

This is our first interview. "Congradulation Tim!" On February 27, Tim Cline traveled down to Raleigh from Scottsville Va. After having a long heavy session, we decided to interview him Tim rides a Powell& Peralta Jay Smith design. tracker trucks and Powell wheels.

Interview done by the staff. Mark, Joe, Jack, and Andy Brown.

MD: How long have you been skating and what kind of board did you have?

TC: Well, I switched boards abunch of times. I had just about every kind. But Powell and Tracker are the badest. I've been skating about six years.

JP: How old are you?

TC: I'm 21.

JP: I heard you were getting marry?

TC: Yeah, I'm getting marry in May. May 28.

MD: Who's the lucky girl?

TC: Her name is Laura Moss.

MD: Does she SHRED?

TC: Nah, but she's gonna learn though. I'll teach her. (laughter)

JP: I thought you were marring Jenny Jenny?

TC: Who?

JP: Jenny!

TC: Not Jenny. Jenny turn me down. (laughter)

JP: Aw bummer.

JP: When did you move to Scottsville?

TC: About 8 months ago. Uh, there is no skating scene there at all right now but I'm building a bad halfpipe ramp.

Continue next page.

Cont.

AB:Are you gonna have a contest?

TC:Yes, definitely. I'm going to try to get a series started with the Martinsburg bowl ramp, and uh, try to get one more. I heard Andel ramp is pretty hot. See if they want to get into it.

AB:What's your favorite park?

TC:My favorite park is gone. It was Apple skate park in Columbia

JP:Why do you prefer Tracker over others?

TC:Because Tracker is the badest.

Frontside air. A+B ramp. [

In the beginning there was Tracker, and now there still is Tracker. And nothing else is compare with it.

JP:What other skating beside vert do you like?

TC:I've skated everything. I really like Street-riding next best to verticle. Verticle is my favorite.

AB:Do you have a sponsor, and who is it?

TC:No, but anyone looking for a hot rider, just look me up. I'm willing to take any free thing I can get.

JP:What's your favorite move Tim?

TC:I like Frontside air about the best, flail em about four feet high.

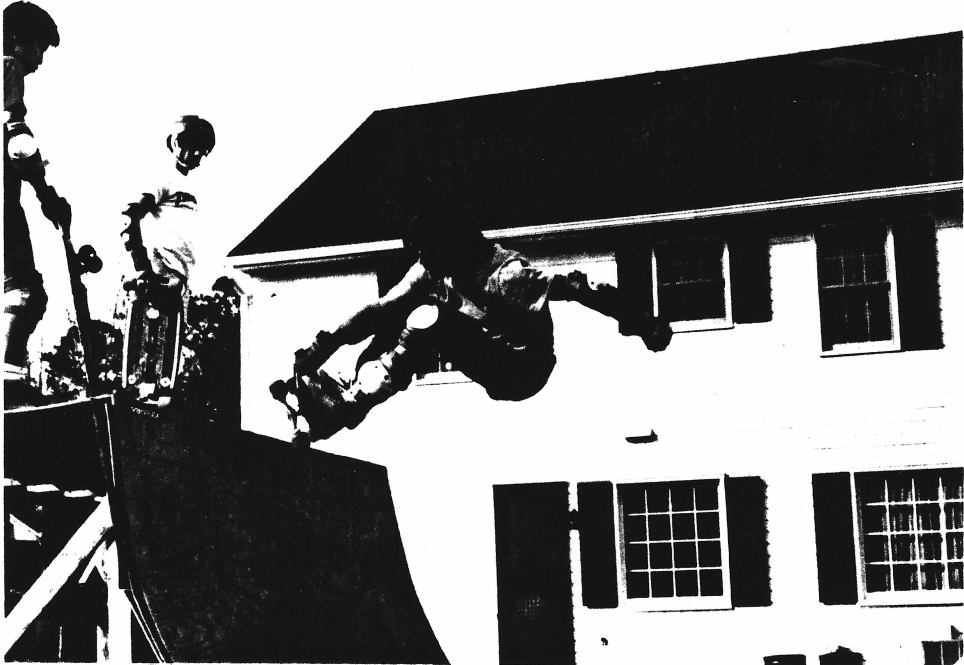

JP:What's the deminsion on your ramp going to be?

TC:I'm planning on having 10 foot high with a 9 foot transition. 12 feet of flat, 16 foot wide. I have'nt decide on what kind of coping to use yet.

JD:What happen to the ramp Bryan Ridgeway had?

TC:Well, we party a little bit too hard, and the neighborhood narks kind of uh, call the owner

of the property and told him that he had to get the ramp off in matter of days.

He's checking now in Huntington park board to see if we can build a ramp in the park.

JD:So, I heard he's getting a contest coming up. When is it?

TC:Yeah, it's a M.E.S Series. He's gonna hold a series with different ramps in the Mid-East. It's called the M.E.S.S. It should be really hot. Hes got prizes now, and getting more everyday.

JD:Are you going to be in the contest?

TC:If I can get off work. I'm pretty sure I'll be there.

AB:Where do you work?

TC:AT Chessie System.

MD:What do you think about other mags around the country that kids are putting up?

TC:I think it's really hot. You get to see what's the Skating scene is like, and you get to meet alot of people too.

JD:You're a SHREDDER staff aren't you?

TC:Yeah, I'm a writer.

JP:What do you think about RAD MAG?

TC:RAD MAG rips, it gets off to the max!

MD:Will you be back with us to shred again?

TC:Yes, definitely.

MD:What's your closing comment?

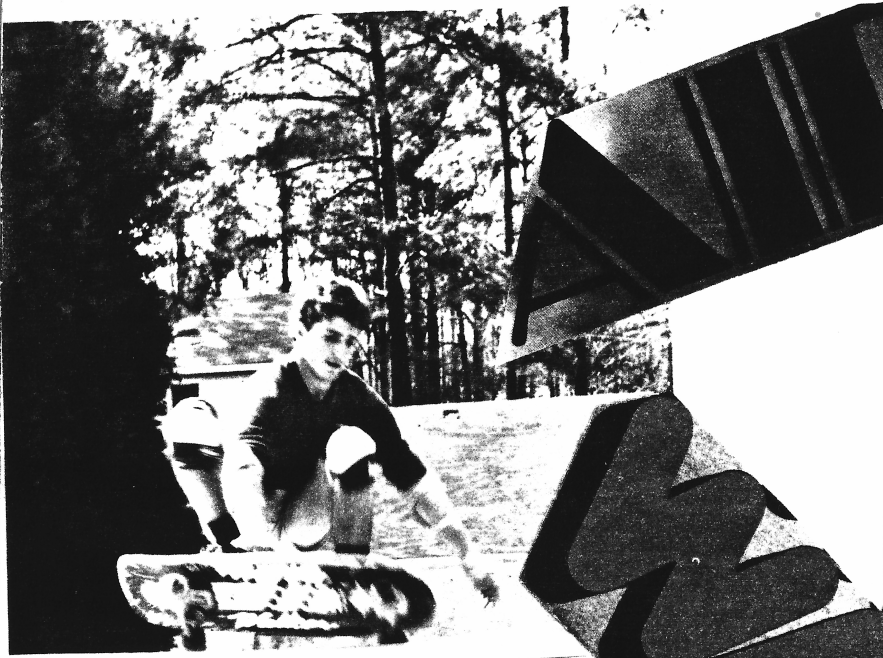

TC:Keep skating and putting out that RAD MAG.....†††

STREET SKATE UPDATE

BY ANDY BROWN
RANDY LEWIS

In our ongoing search for local hot spots we came across no across this building; Texas Gulf.

Texas Gulf is located at the intersection of Glendwood Ave. (near the beltline) and Glen Eden Dr.

The parking lot is made of smooth asphalt, good for freestyle and a little of it is at a slant for some downhill. It is outline by brick curbs good for grinds and slides. Go behind the building and you will find a truck depot with walls ranging from 8 inches to 3 feet. Nothing daring but they're fun. you can do different footplants, handplants, rock & roll, arials, sweepers, oillie pop, atc.....

There is a security guard but he wo'nt bother you on weekends and after work hours. So the next time you're in the neighborhood, drop in and rip with us!!!

Picture here is Andy sliding away.

Next issue: Update on more street skate!!

Andy with foot variation footplant drop.

Randy popping of agro style!

Choose the Tracker System for yourself and discover your rad ability. The Tracker System includes 5 widths to fit your style. Copers™ and Lappers™ to protect your investment and more to fine tune. Tracker, P.O. Box 398, Cardiff-by-the-Sea, CA 92007, 714-438-7722.

NEWS.....FLASH.....FLASH.....

News has it that the guy that own El Toro in Durham is planning on reopening in the summer. Of course everybody knows about the M.E.S.S..... Errol Engelbrecht, the editor of Death Skate, has built himself a halfpipe in his backyard and is expecting on holding a contest there. Johnny White from Emerald got himself a quarter pipe on a parkinglot next to the pier. Andy Brown is planning to build a U-ramp, also Matt Ricks is too planning on building one, if they get wood. Yes, in our search of places to skate, we found a new ditch that connects to a lake and is around 2 to 3 feet high, 8 feet of flat. we also found an new freash built indoor parkinglot that is fun on rainy days. Jack Phillips our skank man has found a halfpipe like bank that's made out of asphalt and is good for catching airs. We call it PVC bank. flash has it that Wizard skateparks will be bulldoze not long from now.

QUESTION"Who is your dream girl?"

ANSWER by Frank (Jack Phillips)

"Ohh, that's a hard one, I'll say it would definitely be Jenny Jenny

Mark here shown doing a Hazard at Highwoods new indoor lot.

Invert at El Toro

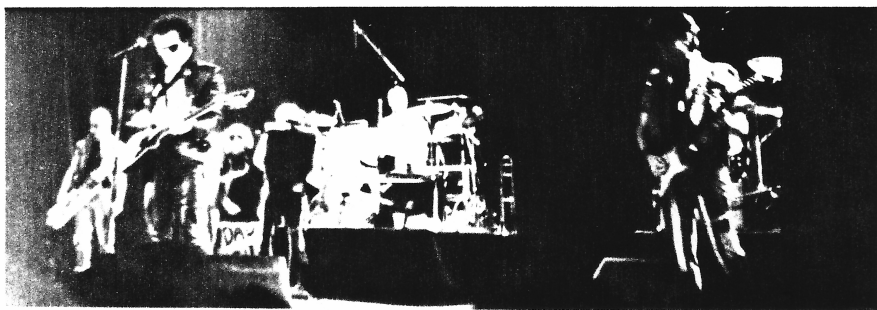

Willy, FootPlant

Willy Clay sent these pics from Durham n.c. Willy and his friend (Paul Harris) rides at El Toro pretty much but they mostly ride on College campus. They just built a quarterpipe and planning on building a halfpipe when they get the money. Willy now rides a Sima Bowma, Tracker trucks, Powell wheels. Paul rides a red Caballero, Indy 169, Powell & Peralta 3sss.

Keep rippin guys!!!!

(Hope to see some pix of you Paul)

ADAM ANT+++++ADAM ANT

BY Todd

Campbell

Adam Ant and CO. had Raleigh thrashing Jan 30th at the Civix Center. Opening for Adam was Epic recording artist SCANDLE. They heated things up with about 5 songs, but then it was Adam turn. He raged on for 2 1/2 hours and 18 songs from "Cartrouble" off of the very first Adam and the Ants album Dirk wears white socks to "Man call Marco" off of the new track Friend or Foe. With a very special guest Marco Pirroni (former ant).....

Rated... B+

Top pic: Adam at the mic.
